MEMORANDUM FOR:                      LAWRENCE R. HOUSTON  
FROM:                                      RICHARD C. TUFARO *rc*  
SUBJECT:                                  DCIDS

I refer to my memorandum of November 27, 1972 on this subject. At that time I requested an opportunity to review the draft DCIDS for comment before they were put in final form. Dave Young and I discussed this matter with John Warner and he indicated he would review in particular DCID 6/3 which affects national security classification and forward us a copy.

I would appreciate your forwarding such materials to me at your earliest convenience.
